

# BIOGRAZE

BALANCED FERTILISER FOR PASTURE PRODUCTIVITY AND STOCK HEALTH BENEFITS

**A new formulation with increased availability of Phosphorus.**

**3 New blends designed to maximise your pasture and stock health.**

**Including powerful stimulants to aid plants in regenerating Soil Organic Carbon.**

- A mix of soluble phosphorus for a quick response and slow release phosphorus for long lasting P delivery and sustained pasture growth.
- Better pasture productivity and nutrient value for dryland, dairy and irrigated grazing.
- Nutrient dense pasture and quality hay for healthy stock.
- Build soil water holding capacity, so pasture stays greener for longer.
- Enhances soil biological function and soil carbon.
- Balanced nutrients with phosphorus, calcium, sulfur and trace elements combined with humic and fulvic.
- A blend of colloidal and soluble phosphorus to maximise seasonal growth and production.
- BioGraze can be customised to suit soil and pasture needs, adding potassium, trace elements and others.

Available in bulk from Naracoorte SA and 1 tonne bulka bags.

### Soil Biology Releases Locked-up Nutrients

Soil biological activity is vital to releasing P and trace elements locked up in Australian soils. To stimulate biology BioGraze includes humic and fulvic and is also inoculated with beneficial biology & food sources including natural biostimulants.

### RECOMMENDATIONS

	Rate / Ha
BioGraze	150-250 kg/ha
BioGraze P Plus	150-250 kg/ha
BioGraze SOA	150-250 kg/ha

Broadcast with a Belt spreader.

Prescription Blends and blends with Potassium available on request.

Rates and timings may change depending on crop and season. Always consult a LawrieCo consultant or distributor for specific recommendations.
